

## **Welcome to Wibrowski Family Dentistry!**

Welcome to Wibrowski Family Dentistry! We understand that the majority of people do not enjoy going to the dentist. We know that many people have had bad, if not traumatizing, experiences with other dentists in Edmonton. However, we are not like other dentists. At Wibrowski Family Dentistry, we are dedicated to providing our clients with outstanding dental care while also providing them with exceptional customer service and personalized care.

Maintaining your dental health is incredibly important. Many people do not realize that their dental health can affect their overall health. So, if it has been years since your last dental appointment, it is time to consider finding a dentist you can count on, not only to provide you with knowledgeable dental care, but also to provide you with personalized care that fits your needs as an individual. We are committed to providing our clients with both. We offer a wide range of dental services that include general cleanings, cosmetic dentistry, as well as pediatric dentistry. We understand how critical a child's first few dental appointments are. Your child's first dental experiences will determine whether or not they develop a fear of the dentist and at Wibrowski Family Dentistry, we firmly believe that we can eliminate and prevent this fear. Our pediatric dentists are caring and gentle so you, as a parent, can trust that your children are in good hands.

If you are looking for a dentist you can trust with the care of your teeth, as well as your children's teeth, then come into Wibrowski Family Dentistry today! Unlike other dental offices, we treat our patients as individuals and provide them with the absolute best care. Call us to set up your appointment today.
